

Big Idea

In the time of Noah, wickedness ruled in the hearts of mankind over all of the Earth, similar to the times that we are living in now. But Noah found favor in the eyes of the Lord. We have to remember that one person really can change the world. We can make a difference and we have the ability to impact our world. It starts with impacting our family. We all have a sphere of influence, that's determined by who we spend the most time with. We can make a difference in our generation when we impact people for the kingdom of God. The bible tells us that 'God is looking to show himself strong on behalf of those whose heart is loyal to Him'. He's looking for a man or woman, for a church that will mark our generation....will he find you faithful?

Don't be afraid to stand out in a crowd. To be a difference maker, you have to be different! We can't be intimidated by what people will think or say, we must care more about what God thinks.

Therefore, since we are surrounded by such a great cloud of witnesses, let us throw off everything that hinders and the sin that so easily entangles, and let us run with perseverance the race marked out for us. Hebrews 12:1
